

# I am Heroin

*I destroy homes, tear families apart, take your children, and that's just the start. I'm more costly than diamonds, more costly than gold, the sorrow I bring is a sight to behold, and if you need me, I'm so easily found. I live all around you, and hang around town. I live with the rich, I live with the poor, and I live down the street, and might be next door. My power is awesome; test me you'll see, but if you do, you may never break free! Just try me once and I might let you go, but try me twice, and I'll own your soul. When I possess you, you'll steal and you'll lie. You'll do what you have to just to get high. The crimes you'll commit, for my narcotic name, to you it's worth the pleasure of me in your veins. You'll lie to your Mother; you'll steal from your Dad. When you see their tears, you should feel sad, but you'll forget your morals and how you were raised, I'll take over your conscience, and shorten your days. I take kids from parents, and parents from kids, I turn people from God, and separate from friends. I'll take everything from you, from your looks to your pride; I'll be with you always, right by your side. You'll give up everything-your family, your home, your friends, your money, you'll be mine and mine alone!!!! I'll take and take, until you have nothing more to give, when I'm finished with you, you'll be lucky to live. If you try me be warned-this is no game, If given the chance, I'll drive you insane, I'll ravish your body; I'll control your mind, I'll own you completely; your soul will be mine! The nightmares I'll give you while lying in bed, the voices you'll hear from inside your head, the sweats, the shakes, the visions you'll see, I want you to know, these are all part of the poison of me. I'll strip you of faith and be your only love, you lose all hope, and I'll be all you think of. You'll regret that you tried me, they always do, but you came to me, not I to you!!! You knew this would happen, Many times you were told, but you challenged my power, and chose to be bold. You could have said no, and just walked away, if you could live that day over, now what would you say? I'll be your master; you will be my slave, I'll even go with you, when you go to your grave. Now that you have met me, what will you do? Will you try me or not, it's all up to you. I will bring you more misery than words can tell, if you take my hand, I'll drag you to hell!*
